If you have a history of heart problems or high blood pressure-You are at risk if you participate physically in this program. There is historical evidence that some individuals with pre-existing heart conditions have suffered heart attacks and death after participating in a Challenge Course/Climbing program. Due to the emotional and physical demands inherent to the activities, you may be jeopardizing your health and well being if you choose to fully participate. You should consult your physician prior to attending the program.

If you are pregnant-You and your unborn child are at risk if you participate physically in this program. Unintentional impacts to your abdomen can occur during many of the activities that involve physical contact. If climbing is a part of your program, you will be required to wear a harness that puts pressure on your abdominal area and back. Due to the types of physical demands inherent to the activities, you may be jeopardizing your health and well being, as well as the health and well being of your unborn child, if you choose to fully participate. You should consult your physician prior to attending the program.

If you are recovering from broken bones, dislocated joints, sprains, strains, back or neck injuries-You are risking re-injury if you participate physically in this program. You should consult your physician prior to attending.

If you have an enlarged organ, are a transplant recipient, or have Downs Syndrome-You are risking injury to weakened areas of your body. You should consult your physician prior to attending the program.

HPC recommends that you do not physically participate in activities that you think might put you at risk. If you are concerned, your Facilitator can provide you with a less physical way to stay involved.

If you have any questions regarding your program, please contact your HPC Facilitator or office.

I have read and understand the information provided and have provided the correct information on this form.

Media Release-I agree to allow myself (or my child) to have my/his/her picture taken and those pictures to be used in HPC and or PCCCA publicity.

Horseback Riding Release (only applicable for Horseback Riding Participants)-

I acknowledge understanding that trail riding involves being in areas that may have natural and man-made hazards which ride management cannot control, identify, modify, or eliminate: that horses can be excitable, difficult to control and unpredictable: and that accidents can happen to anyone at any time. I agree to take full responsibility for myself, my children, and my property and I will hold HPC, ride management personnel and all property owners on whose horse(s) and/or land this ride takes place, blameless and free from liability for any accidents, injury, or loss that might occur due to my participation or my child's participation in this activity.

Under Missouri Law, an equine professional is not liable for an injury to or the death of a participant in equine activities resulting from the inherent risks of equine activities pursuant to the revised Statutes of Missouri.

Challenge Course Release-

Participating in this program may involve bending, twisting, lifting, running, jumping, climbing, increased heart or breath rates and physical contact with others. Unexpected strains or jolts to your body can occur.

Release of Liability

The undersigned understands that each participant must assume the risk of injury that could result from any of these activities. The undersigned releases HPC, its employees, agents, and representatives, officers, and its Board of Directors and invitees from any and all liability, claims or causes of action for loss of or damage to property or any injury to the participant arising from participation in HPC activities. In signing this application, I hereby certify that this information is correct and give permission for the release of medical records in case of illness or accident.
